

Lay Down

Jimmy Somerville

It's exciting when you come 'round
Something special is going down
You provide me my rousing highs

Make me, make me
Lay down and give it up
Make me, make me
Lay down and give it up

Give it up, give it up

I prefer to be on my knees
It's the only way to receive
To my lips you come liquefied

So make me, make me
Lay down and give it up
Make me, make me
Lay down and give it up

Give it up, give it up, give it up
Give it up, give it up, give it up
Give it up, give it up, give it up
Give it up

I can't help but emphasize
Heaven lies between your thighs
Call me shallow but I don't lie

So make me, make me
Lay down and give it up
Make me, make me
Lay down and give it up

Make me, make me
Lay down and give it up
Give it up

Make me, make me
Lay down and give it up
Make me, make me
Lay down and give it up

Give it up
Give it up
Give it up
