

This Must Be Love

Jimmy Somerville

I say, yes to what I know
I know that I won't let go
Of what I want, I have to know
Of what I know, I have to show
Love and affection, words and direction
Day into night, hold me, hold me tight

This must be love, love, love, love
Love, love, love, love

I see the way you feel about me
Feeling the way, I see we could be
Being so close it feels like we're free
To be who we are and know how to feel
Love and affection, words and direction
Day into night, just hold me, hold me tight

This must be love, love, love, love
Love, love, love, love

You know that I know that I want you
To know that I know that I want you too
You know that I know that I want you
To know that I know that I want you too

This must be love, love, love, love
This must be love, love, love, love

You know that I know that I want you
To know that I know that I want you too
You know that I know that I want you
To know that I know that I want you too

Love, love, love, love
This must be love
This must be love
This must be love
This must be love
Had to be, could you be
Could you be love
