

Loving You Tonight

Joe Cocker

The full moon's glowing
Blood red in the sky
It hangs like fire
On this winter's night
I sit on feelings
That hang in suspense
Nothing in my life makes sense

A question mark hangs with the stars up above
As I'm driving home to the one that I love
Sometimes I can't see the trees for the wood
Loving you tonight feels good [2x]
Loving you tonight [2x]

The moonlight changes
From red into white
It sits on treetops
Asleep for the night
I see the signpost
The road slowly bends
Nothing in my life makes sense

A flashing tail light speeds across the sky
My head's cooking trouble as thoughts seem to fry
The last temptation was misunderstood
Loving you tonight feels good [2x]
Loving you tonight [2x]

I'm faced with the ultimate truth
What if I see that things don't improve
I know they could
Loving you tonight feels good [3x]

The sun is rising
There's mist all around
She sleeps beside me
And I feel so proud
Am I in heaven
With her by my side
This is how love feels tonight
Loving you tonight
Loving you tonight
