

# All This Time

Joe Jonas

I know you've been hurt before  
But never say never, baby  
Slow down, don't close the door  
You've been waiting forever, baby  
See I know your heart's been scarred  
But you've come this far  
So baby, don't run away  
I, know you're close to giving up  
I just want to give you love  
And try to keep a smile on your face  
So open your eyes and see that we belong together, hey yeah  
Pleasant surprise you'll find that things can be much better

I, want to take you to a place  
Where love is something more than you imagined, yeah  
I, put it right in your face  
Girl, it's yours  
All you got to do is reach out and grab it  
You waited all this time  
You waited all this time  
I put it right in your face  
Girl, it's yours  
All you got to do is reach out and grab it

You played your cards right into the broken heart  
Baby, I would never, I'd treat you like a treasure  
It's not your fault, I know you took it hard  
That was his mistake  
For us it's never too late  
You can't live your life in fear  
I know it's hard to move  
But you've just got to forget it  
Cause baby, the sky is clear  
The rain is gone, the sun is shining

I, want to take you to a place  
Where love is something more than you imagined, yeah  
I, put it right in your face  
Girl, it's yours  
All you got to do is reach out and grab it  
You waited all this time  
You waited all this time  
I put it right in your face  
Girl, it's yours  
All you got to do is reach out and grab it

You waited all this time (3x)  
You waited all this

Time to get up, girl  
And take a chance, yeah  
There's nothing to be scared of  
Just grab my open hand  
If you need someone by your side  
With the love inside  
Night or day, I'll be there  
You know I will

Cause I...

I want to take you to a place  
Where love is something more than you imagined, yeah  
I, put it right in your face  
Girl, it's yours  
All you got to do is reach out and grab it  
You waited all this time  
You waited all this time  
I put it right in your face  
Girl, it's yours  
All you got to do is reach out and grab it  
I... yeah... ho-hoo, yea-yeah... I
