## Angel

## John Barrowman

Spend all your time waiting For that second chance For a break that would make it okay There's always some reason To feel not good enough And it's hard at the end of the day I need some distraction Oh, beautiful release Memories seep from my veins Let me be empty Oh, and weightless and maybe I'll find some peace tonight

In the arms of the angel Fly away from here From this dark cold hotel room And the endlessness that you fear You are pulled from the wreckage Of your silent reverie You're in the arms of the angel May you find some comfort there So tired of the straight line And everywhere you turn There's vultures and thieves at your back The storm keeps on twisting Keep on building the lies That you make up for all that you lack It don't make no difference Escape one last time It's easier to believe In this sweet madness Or this glorious sadness That brings me to my knees

In the arms of the angel Fly away from here From this dark cold hotel room And the endlessness that you fear You are pulled from the wreckage Of your silent reverie You're in the arms of the angel May you find some comfort there You're in the arms of the angel May you find some comfort here
