

Whistle Down the Wind

John Barrowman

Whistle down the wind, let your voices carry
Drown out all the rain, light a patch of darkness
Treacherous and scary

Howl at the stars, whisper when your sleeping
I'll be there to hold you, I'll be there to stop
The chills and all the weeping

Make it clear and strong, so the whole night long
Every signal that you send, until the very end
I will not abandon you my precious friend

So try and stem the tide, then you'll raise a banner
Send a flare up in the sky, try to burn a torch
And try to build a bonfire
Every signal that you send, until the very end, I'm there

So whistle down the wind, for I have always been right there

Howl at the stars, whisper when your sleeping
I'll be there to hold you, I'll be there to stop
The chills and all the weeping

Make it clear and strong, so the whole night long
Every signal that you send, until the very end
I will not abandon you my precious friend

So try and stem the tide, then you'll raise a banner
Send a flare up in the sky, try to burn a torch
And try to build a bonfire
Every signal that you send, until the very end, I'm there

So whistle down the wind, for I have always been right there

I'll be right there
