

## It's My Own Fault

John Lee Hooker

It's my own fault darlin',  
that you treat me the way you do  
It's my own fault darlin',  
caused you treat me the way you do  
When you left me darlin',  
I was callin' from town to town

Ooh, won't you give me one more chance  
Ooh baby, won't you give me one more chance

Baby, I'll prove that I'm in love with you,  
you know I'll be travelin' no more  
It's my own fault darlin',  
I made you treat me the way you do  
It's my own fault darlin',  
I made you treat me the way you do  
Baby I go alone, I just realized, all I did

Oh goodbye baby, I know we may never meet again  
Oh goodbye baby, I know we may never meet again

But it's my own fault darlin',  
I made you treat me the way you did
