

I told you, baby, how I feel
One word can close this deal
Baby, be my queen of hearts
Please, gimme that love you've got
A-won't ya say yes? Don't ya say no
Make me feel good, Kiddio

Maybe I'm just wastin' time
Can't get you off my mind
You could make me feel so good
I know you could if you only would
A-won't ya say yes? Don't ya say no
Make me feel good, Kiddio

I wrote you a six-page letter
I called you on the phone
But you started talkin' 'bout the weather
Kiddio, don'tcha know that's wrong?

I can't stand this playin' 'round
Help me up; don't let me down
Kiss me, baby; tell me so
If you love me, let me know
A-won't ya say yes? Don't ya say no
Make me feel good, Kiddio

I wrote you a six-page letter
I even called you on the phone
But you started talkin' 'bout the weather
Kiddio, don'tcha know that's wrong?

I can't stand this playin' 'round
Help me up; don't let me down
A-kiss me, baby; tell me so
If you love me, let me know
A-won't ya say yes? Don't ya say no
Make me feel good, Kiddio
Make me feel so uh, oh, oh, good, so, so good, Kiddio
