

## Small Hours

John Martyn

Going to get on up and fly away  
Go on out for another way  
And a new day's dawn  
Going to carry on.

Keep on loving while your love is strong  
Keep on loving 'til your love is gone away.

Well you're very lovely, going to take you home  
They say you'll be my ruin  
Cos I love you so  
I just love you so.

Keep on loving 'til your love is gone  
Keep on loving while your love is strong  
All the way.
