

## Only Love

Johnny Cash

You may live alone and close your eyes  
Some folks do  
You may dream a dream that's twice your size  
All night through  
But when the mornin' comes and who's to tell  
Your dreams to only you

Only love love only only love will do  
Only love love only only love comes true  
Nothing else you see there's nothing else  
Only love only love

But when the mornin' comes and who's to tell  
Your dreams to only you

I have known a love within my heart  
One or two  
When one love would end one would start  
I never knew  
If love should come your way you learn to say  
I love you I love you

Only love love only only love will do...
