

# Goodbye Sweet Yesterday

Johnny Hates Jazz

Just like a flame  
Life is ephemeral  
Reality  
Is only temporal  
Dawn turns to dusk  
It's inescapable  
Like a supernova

Goodbye Sweet Yesterday  
Can you feel the winds of change?  
Goodbye Sweet Yesterday  
Do you see the sunset up ahead?

Just for a while  
We're in our element  
But mighty or meek  
Nothing is permanent  
We share in a journey  
Back to the firmament  
Of a supernova

Goodbye Sweet Yesterday  
Can you feel the winds of change?  
Goodbye Sweet Yesterday  
Do you see the sunset up ahead?

Not everything  
Is written in stone  
The future depends  
On the seeds we choose to sow  
Can we wake up  
From the virtual dream  
Before it's too late  
And stop the machine?

Goodbye Sweet Yesterday  
Now can you feel the winds of change?  
Goodbye Sweet Yesterday  
Do you see the sunset up ahead  
Or the rising sun instead?
