

## All the Time

Johnny Mathis

I want you with me all the time  
Sunrise and sunset, and all the time  
You are the one love I am living for  
Had we just begun love, could I love you more?

Warm as the May wine, wild as the sea  
These are the feelings you waken in me  
I've had my moments and a dream or two  
But I needed someone all the time  
And all the time it was you

Warm as the May wine, wild as the sea  
These are the feelings you waken in me  
I've had my moments and a dream or two  
But I needed someone all the time  
And all the time it was you
