

## Day Dream

Johnny Mathis

Day dream  
Why do you haunt me so?  
Deep in a rosy glow  
The face of my love you show

Day dream  
I walk along on air  
Building a castle there  
For me and my love to share

Don't know the time  
Lordy, I'm in a daze  
Sun in the sky  
While I moon around, feeling hazy

Day dream  
Don't break my reverie  
Until I find that she  
Is daydreaming just like me
