

Hey Love

Johnny Mathis

Hey love
You're just a step behind me
Hey love
When are you goin' to find me
You know I'm ready for the taking
So won't you hurry up, won't you hurry up, won't you hurry up
Hey love.

Hey love
Look how my heart is glowing
Hey love
Let's get a romance going
You know I'm just no good without you
So won't you hurry up, won't you hurry up, won't you hurry up
Hey love.

Hey love
I wanna know what it's like to break up
Kiss and make up
Oh, I wanna feel my temperature rise
When I look in your eyes.

Hey love
You're acting awfully lazy
Come on, help me go slightly crazy
You know, I'll never fall without you
So won't you hurry up, won't you hurry up, won't you hurry up
Hey love.

Hey love
I wanna know what it's like to break up
Kiss and make up
Oh, I wanna feel my temperature rise
When I look in your eyes.

Hey love
You're acting awfully lazy
Come on, help me go slightly crazy
You know, I'll never fall without you
So won't you hurry up, won't you hurry up...
Won't you hurry up, won't you hurry up, won't you hurry up
Hey love.
