Under a Blanket of Blue

Johnny Mathis

Under a blanket of blue
Just you and I beneath the stars
Wrapped in the arms of sweet romance
The night is ours

Under a blanket of blue Let me be thrilled by all your charms Darling, I know my heart will dance Within your arms

A summer night's magic, enthralling me so The night would be tragic If you weren't here to share it my dear Covered with heaven above

Let's dream a dream of love for two Wrapped in the arms of sweet romance Under a blanket of blue

Covered with heaven above
Let's dream a dream of love for two
Wrapped in the arms of sweet romance
Under a blanket of blue
