## We've Only Just Begun

## **Johnny Mathis**

We've only just begun to live White lace and promises A kiss for luck and we're on our way

Before the rising sun we fly So many roads to choose We start our walking and learn to run And yes, we've just begun, oh yeah

Sharing horizons that are new to us Watching the signs along the way Talking it over, just the two of us Working together day to day, together

When the evening comes we smile So much of life ahead We'll find a place where there's room to grow We've only just begun, oh yeah

Sharing horizons that are new to us Watching the signs along the way Talking it over, just the two of us Working together day to day, together Together

And when the evening comes we smile So much of life ahead Find a place where there's room to grow Yes, we've only just begun We've only just begun
