

Bad Girl Blues

Johnny Winter

These women lovin' each other
Y'all know they ain't thinkin' about no man
These women lovin' each other
Y'all know they ain't thinkin' about no man
They ain't playin' no secrets, oh no
These women playin' a wide open hand

You know I loved a little girl the other day
And I asked her for a little thrill
She said, "I'm so sorry daddy
"I'm putting out the same thing [?]"
These women lovin' each other
Y'all know they ain't thinkin' about no man
They ain't playin' no secrets, oh no
They playin' a wide open hand

If you ever take a women out to ride
Bought her all kinda whiskey and wine

She'd say you was too drunk to realise
And I'll see you some other time
You know she was, she was lovin' another
And they wasn't thinkin' about no man
Well, these women ain't playin' no secret, oh no
They playin' a wide open hand
Yes, wide open

You never wanna [?] last night's cookin'
Smellin' sweet like a rose
She come home five o'clock in the mornin' with that
Fish scent all in her clothes
These women lovin' each other
You know they ain't thinkin' about no man
These women ain't playin' no secrets, no more
They playin' a wide open hand
Lovin' each other
