

# Lightning

Johnny Winter

Lightnin', I've been struck by lightnin'  
Lightnin', my love moves like lightnin'

Now I'm not callin' you a liar  
But I know where there's smoke there's fire  
People talkin' all over town  
Sayin' you're gonna put me down

Lightnin', you'll be struck by lightnin'  
Lightnin' bad news moves like lightnin'

Human nature is a funny thing  
People will do most anything  
Sometimes good and sometimes bad  
I better not find out I been had

Lightnin', you'll be struck by lightnin', yeah  
Lightnin', bad news moves like lightnin'

Yeah, lightnin'!

[Instrumental]

If your love is really true  
Why do I go on chasing you  
One day you'll look into my eyes  
And you'll see the truth and realize

Lightnin', you'll be struck by lightnin'  
Lightnin' bad news moves like lightnin'

Lightnin', oh like lightnin', yeah.
