

No More Doggin

Johnny Winter

Honey, no more doggin', foolin' around with you
Oh, no more doggin', foolin' around with you
I gotta let you out, honey, that's what I have to do

Well you told me that you loved me, you told me a lie
I'll love you, baby, until the day I die
No more doggin', foolin' around with you
I gotta let you out, honey, that's what I have to do

Well, I took you off the streets and I made you fine
Spent all my money on whiskey, beer and wine
No more doggin', foolin' around with you
I gotta let you out, honey, that's what I have to do

Well, I gave you all my money, let you play me for a fool
You know pretty, baby, that's against your daddy's rule
No more doggin', foolin' around with you
I gotta let you out, honey, that's what I have to do

Oh, no more doggin', foolin' around with you
Honey, no more doggin', foolin' around with you
I gotta let you out, honey, that's what I have to do
