

# You're Humbuggin' Me

Johnny Winter

You say I haven't been around  
The way I dress is a sin  
I've been further under the house  
Lookin' for eggs than you've ever been

You're humbuggin' me  
You're humbuggin' me  
I believed all those stories darlin'  
Now you're humbuggin' me

You told me darlin' you loved me  
You said you'd go through fire or pain  
Last week you wrote me a letter  
Sayin' "I'll see ya if it don't rain"

You're humbuggin' me  
You're humbuggin' me  
I believed all those stories  
And now you're humbuggin' me

Yeah!

Well when I married you darling  
You thought I was a puppet I know  
You promised me chicken and pork roast  
You give me sour milk and burnt toast

You're humbuggin' me  
You're humbuggin' me  
I believed all those stories darlin'  
Now you're humbuggin' me

Yeah! You're humbuggin' me  
Hey yeah! You're humbuggin' me  
I believed all those stories darlin'  
Now you're humbuggin' me
