

Goodnight And Goodbye

Jonas Brothers

This has been a walk in the park
I feel like we have fallen apart
Open up your eyes here and see
How unfoolish love can be

Hold on tight, it's a roller-coaster ride we're on
So, say goodbye, 'cause we won't be back again
Up and down, you're all around
Say, goodnight and goodbye

La, la, la, la, la, la, la, la, la

You say, you didn't mean to break
My heart but girl you did
But I'm over it
Adieu to you and all your games
And all your crazy fans, this is the end

Hold on tight, it's a roller-coaster ride we're on
So, say goodbye, 'cause we won't be back again
Up and down, you're all around
Say, goodnight and goodbye

La, la, la, la, la, la, la, la, la, la, la, la

Well girl, I'm sorry for disappointing you
But I'm done with being up and down and pushed around
No more

Hold on tight, it's a roller-coaster ride we're on
So, say goodbye, 'cause we won't be back again
Up and down, you're all around
Say, goodnight and goodbye

Hold on tight, it's a roller-coaster ride we're on
Say goodbye, 'cause we won't be back again
Up and down, you're all around
Say, goodnight and goodbye
