

What We Came Here For

Jonas Brothers

They say that life is a two way street
When you're not sure, you gotta trust your feet
To know the right way

You can keep on moving with your head down (oh)
Or you can stop and take a look around
(take a look around)
And that's the choice I've made
(I've made, yeah)

It's for that movie inside your head
Making memories we can't forget
But when you can't forget

You're gonna know in your soul
This is what we came here for
So live it loud
Here and now
This moment, it won't be ignored
So why not open up that door?
It's what we came here for

Oh yeah!

For every song we let play outside
The melodies we get to write
(we get to write)
Every time we sing, oh yeaeaaah

The friends we've made the fun we've had
Memories gonna make me laugh
It's a beautiful thing
(So beautiful)

I wanna send it around the world
(Around the world)
Cause everybody should feel this good
When you feel this good

You're gonna know in your soul
This is what we came here for
(This is what we came here for)
So live it loud here and now
This moment it won't be ignored
So why not open up that door?
It's what we came here for

No, the fun's just getting started
Just celebrating where we are
And loving where we are

You're gonna know in your soul
This is what we came here for
So live it loud
Here and now
This moment, it won't be ignored
You're gonna know in your soul

This is what we came here for
So live it loud (live it loud)
Here and now
This moment, it won't be ignored
(And we'll)
So why not open up that door?
(Open up that door)
So come on open up that door

It's what we came here, oh yeah
It's what we came here for

It's what we came here
Came here for !
