

Malted Milk

Jonny Lang

I keep drinking malted milk
Tryin' to drown my blues away
I keep drinking malted milk babe
Tryin' to drown my blues away

You're as welcome to my lovin' babe
As a flower in the month of May
Well baby, fix me one more drink
Hug your daddy one more time

Come on fix me one more drink
Yeah, hug your daddy one more time
Come on fix me that malted milk
Until I, till I change my mind

Well, my door lock keep on turnin'
I think there's spooks 'round my bed
Well, my door lock keep on turnin'
I think there's spooks 'round my bed

I got a warmer feeling that
The hairs are standing on my bed
Malted milk, malted milk
Keep on rushing to my head

Malted milk, malted milk, babe
Keep on rushing to my head
I got a funny funny feeling
That I'm talkin' all out my head

I got a funny funny feeling
That I'm talkin' all out my head
