

## Could we survive

Joseph Arthur

Hallelujah stop and stare  
When will Jesus find us here  
Could we survive?

How can you pretend to know  
Who you are or where you'll go  
When you just get by.

Hmm dream, dream all the time away.  
Hmm dream, dream all your time away.  
Ooh.....

My father's mother sings this song.  
My mother's father's gone beyond  
the clouds, the rain.

Let'm protecting me from above  
I can feel that tender love  
When I'm in pain.

Hmm dream, dream all your time away.  
Hmm dream, dream all the time away.  
Ooh....
