

Over the Sun

Joseph Arthur

When I lie to you
Life tears us apart
I hope you know
I loved you
As much as you let me through
And when I yell at you
You're already gone
I hope you know
I loved you
As much as the night is long

The sun will fade away
The sun will fade away
I'll run to you everyday
Over the sun
Over the sun

When I cheat on you
You're still all I see
I hope you know
I loved you
As much as I need to be free

The sun will fade away
The sun will fade away
I'll run to you everyday
Over the sun
(on my way to your light)
Over the sun
