

Winter Blades

Joseph Arthur

Shine on someone
Shine on your grave
Shine on someone
Shining on a winter blade

Find a woman you can trust
One that you can touch
Quit shining lights
Into winter blades
Quit shining lights at the sun
And trying to run

Find a gamble with a hunch
Some kind of free lunch
Quit shining lights
Into winter blades
Quit shining lights at the sun
And trying to run

Love keeps tumbling down onto us
Love keeps tumbling down onto us

Learn to walk without a crutch
When you're broke, you got too much [?]
Quit shining lights into winter blades
Quit shining lights at the sun
And trying to run

Love keeps tumbling down onto us
Love keeps tumbling down onto us

Shine on someone
Shine on your grave
Shine on someone
Shining on a winter blade

Shine on someone
Shine on your grave
Shine on someone
Shining on a winter blade

Love keeps tumbling down onto us
Love keeps tumbling down onto us
Love keeps tumbling down onto us
Love keeps tumbling down onto us

Love keeps tumbling down onto us
