

Flood Out The Club

Juicy J

Racks full of water, when we hit the club, we gonna
make it rain
Till the club flood,
D boys popping bud, doing plenty drugs
When we hit the club, show the strippers love
Flood out the club, show the strippers love
Flood out the club, show the strippers love
Flood out the club, show the strippers love
Show the strippers love, show the strippers love,

Own shop with a nigger, Juicy is the club
Mansion in the Holly hills, chinchilla rug
Flashy everywhere I go, louie to the toe
And when I'm done fucking all these hoes
I show them to the door
You can call me Saint Tropez cause I sure know how to
throw
Money on that ass, when she grinding on the floor
White chick on my left, black on my right
Getting the... watch them shake that ass like dice
Zip lock, bag of kush and a double cup
2 bitches on my dick, I get double sucked
I'm like genuine I need that pony ride
And when I'm done smashing that chick
I toss her to my guy

Racks full of water, when we hit the club, we gonna
make it rain
Till the club flood,
D boys popping bud, doing plenty drugs
When we hit the club, show the strippers love
Flood out the club, show the strippers love
Flood out the club, show the strippers love
Flood out the club, show the strippers love
Show the strippers love, show the strippers love,

Put it to the club, Juice picks up in that phantom
... make it happen in Atlanta
Just turned 18, and I'm bout to spend this green
... these hoes rolling with the team
Juicy gave me some racks, throwing right on her ass
Bang on me so fast, and I never give you a pass
Damn girl you're crazy, you dancing like it's your last
Next day dream about that day, I was sleeping up in
class
Last time I checked... just cashed that check
Gave my niggers some this time
We made enough, you made it up, L.A. girls gonna lay
with us
They down to roll, down to suck, cause these niggers
that's making bucks...
She love the niggers from the west side...
