

## Drops

## Jungle

When you're so high you (Don't think)  
When you fall from the sky you (Won't break)

So come down from the clouds  
Come down  
So some down from the clouds  
Come down

I've been loving you, too long  
I've been loving you, for too long.

So some down from the clouds  
Come down  
So some down from the clouds  
Come down

When you're so high, you don't think  
When you fall from the sky, you won't break.  
I've been loving you too long.  
I've been loving you for too long.
