

Love

Justin Nozuka

Swimming in the moment
Guided by your sound
The Current strong and rolling
And there isn't any down

I think I'm in Love
I feel like my Heart's exploding
And over the Sun
A million Lions soaring
And on my way to reach the gate,
You take my hand and pull me in again

Love
On the Land, the Seasons
Combine to make a new
Where the Air is full Emotion
In every Breath I'm taking in, I feel You now, I feel You
I think I'm in Love
I feel like my Heart's exploding
The beat of the Drum
A million Lions roaring
And on my way to reach the gate,
You take my hand and pull me in again
Oh higher and miles away
Oh higher and miles away

Oh I wanna stay
I know I'm in Love
I feel like my hearts exploding
The beat of the Drum
A million Lions roaring
And on my way to reach the gate,
You take my hand and pull me in again
