

# Got The Bull By The Horns

k.d. lang

I love the brunettes, blonds  
And the redheads, too  
Love 'em since I don't know when  
I love 'em all right down the line  
And then I start all over again  
I tart all over again

I got the bull by the horns  
In a downhill drag  
Things are better Than they ever have been  
I missed a lot of lovin'  
In my lifetime  
But I'm never gonna do it again, no  
Never gonna do it again

Well, as a kid in school  
I guess I done pretty well  
All hung around me then  
But I acted shy  
And I let 'em get away  
But I'm never gonna do it again, no no  
Never gonna do it again

Over this town  
Tryin' to find the places you've been  
And I missed your huggin'  
On the first go around  
But I'm never gonna go around again  
Well, let's go round again
