

Get In My Bed

K. Michelle

Baby, you got me tripping
Got me over here slipping
Doing things that I'd really
Do for a nigga
Got me over here fading
And I ain't even been smoking
I ain't even been drinking
But I feel like a lush, yeah

'Cause I'm all fucked up
And baby I, baby I
I need your love
And baby I

I need you to get in my bed
So baby, get in my bed
Want you to touch me here, touch me there
Baby, you know me well
I need you to get in my bed
Get in my bed
Want you to touch me here, touch me there
Baby, you know me well
I need you to get in my

Call me, I just need you to call me
So I can tell you exactly how you make me feel
I should be a lady, but baby you got me crazy
Crazy over you waiting
For you to come here

And I'm all fucked up
And baby I, baby I
I need your love
And baby I

I need you to get in my bed
So baby, get in my bed
Want you to touch me here, touch me there
Baby you know me well
Get in my bed
Get in my bed
Touch me here, touch me there
Baby you know me well

Tonight I really be going to
Oh I touch myself and pretend that it's you
'Cause no one can do it like you do
Oh, so I need you to come through

I need you to get in my bed
Get in my bed
Touch me here, touch me there
You know me well
Get in my bed
Get in my bed
Touch me here, touch me there
Oh baby, you know me well
