

He Gets Me

K. Michelle

I wonder if he knows
I should let him know
I should let him know

I be actin all crazy
But he know that he my baby
Don't know if this is love
All I know is I can't get enough

When I say go I mean stay
But that's okay 'cause you know me that way
Insecure I be going through his phone
And he don't even get mad when I'm wrong

And I never thought I'd find
Someone who could free my mind
And he be acting a fool
And he know what to do with it

'Cause this one he gets me, gets me (gets me, gets me)
This dude, he gets me (gets me, gets me)
His love is all in me, in me (in me, in me)
'Cause this dude, he gets me (gets me, gets me)
He don't disappoint me, point me
Before I say it he know it
Before I kiss him he kiss me
Somebody finally gets me (gets me, gets me)

He know I ain't perfect
But he know I'm worth it
And when I'm on one
I can be so damn mean yeah

And if he could change all my flaws
He wouldn't change em 'cause that's what he loves
And what I lack he make up for
He's just what I need and more

And I never thought I'd find
He came in right on time
And I'm so glad he get me
Can't see him without me

'Cause this one he gets me, gets me (gets me, gets me)
This dude, he gets me (gets me, gets me)
His love is all in me, in me (in me, in me)
'Cause this dude, he gets me (gets me, gets me)
He don't disappoint me, point me
Before I say it he know it
Before I kiss him he kiss me
Somebody finally gets me (gets me, gets me)

If you got somebody that get it and never give up
Say yeah yeah yeah
If you know he love you
He got all your trust
Say yeah yeah yeah

You should let him know, know
Say yeah
You should let him know
Yeah yeah
You should let him know, know
Say yeah
You should let him know
Yeah yeah

'Cause this one he gets me, gets me (gets me, gets me)
This dude, he gets me (gets me, gets me)
His love is all in me, in me (in me, in me)
'Cause this dude, he gets me (gets me, gets me)
He don't disappoint me, point me
Before I say it he know it
Before I kiss him he kiss me
Somebody finally gets me (gets me, gets me)
