

I Just Wanna

K. Michelle

I can tell that you like me but it's all for the chase
I'm too into myself, I need space
Though you want more
I'm not ready to open that door
I just want you to drop yo' pants to the floor

'Cause I'm a little scared of commitment
But tonight I'll commit to your body

'Cause I just wanna fuck
And not fall in love
I'm over all the pain that love can bring
Tonight I want sex that doesn't mean a thing
That don't make me no slut
A woman has her needs
So don't you go catching feelings for me
Tonight I want sex that doesn't mean a thing

I know this ain't ladylike
And you gone run and tell yo friends about tonight
And how I did you right
'Cause I don't give a damn, I'm gon' be alright
Damn, I love my life
So why is everybody so uptight?
I told y'all from the start, K. Michelle ain't bout that life

'Cause I'm a little scared of commitment
But tonight I'll commit to your body

'Cause I just wanna fuck
And not fall in love
I'm over all the pain that love can bring
Tonight I want sex that doesn't mean a thing
That don't make me no slut
I have my needs
So don't you go catching feelings for me
Tonight I want sex that doesn't mean a thing

Oh, just come and do
What it is I asked you to
Nothing more, nothing less
Just make me feel good

'Cause I just wanna fuck
And not fall in love
I'm over all the pain that love can bring
Tonight I want sex that doesn't mean a thing
That don't make me no slut
I have my needs
So don't you go catching feelings for me
Tonight I want sex that doesn't mean a thing

I wanna fuck, I wanna fuck
