

## Brightest Star

Kaiser Chiefs

Train me up to be the brightest star  
I'm not laughing but I think you are  
And I'm not the kind of person  
That takes things lightly (2x)

Cause all I want is a place of my own  
With a little patch of garden and a patio  
And all I want is a room with a view  
With an upstairs lounge, I'll be rid of you  
With an upstairs lounge, I'll be rid of you

Train me up to be the brightest star  
I'm not laughing but I think you are  
And I'm not the kind of person  
That takes things lightly (2x)

And all I want is a photograph  
Because I can't walk in when having a bath  
And all I want is something that's mine  
Not to have to buy the toothpaste every time  
I don't want to buy the toothpaste every time

With an upstairs lounge, I'll be rid of you

Train me up to be the brightest star  
I'm not laughing but I think you are  
And I'm not the kind of person  
That takes things lightly

Cause all I want is a place of my own  
With a little patch of garden and a patio  
And all I want is a room with a view  
With an upstairs lounge, I'll be rid of you

With an upstairs lounge, I'll be rid of you
