

Remember You're a Girl

Kaiser Chiefs

Pick the one you take
Love the one you're with
You're going down the wrong road
And it doesn't even matter

A prize in every pack
Take it from the top
You're going down the wrong road
And it doesn't even matter

Remember you're a girl remember you're a boy
'Cause interesting people will always spread the joy
'Cause interesting people get away with it

It's time to run the race
We're all on the way
You're going down the wrong road
And it doesn't even matter

Show up on the day
Take it all the way
You're living in the wrong time
And it doesn't even matter

Forget that you're a boy forget that you're a girl
'Cause interesting people will always run the world
'Cause interesting people get away with it all the time
