

## Break the Chant

Kaledon

The words of the wizard  
Flutter in the room  
The obscurity falls while the sun is tall and strong

The words of the wizard  
Like creeping snakes slides  
And freeze the spirit and the Daeniel's mind

Break the Chant, Daeniel  
Break the nightmare  
Breathe the Light, Daeniel  
Kill the Sorcerer

Roam the mind of Daeniel inside the dream of Power  
Roam the spirit of Daeniel on the black ways of the  
Oblivion  
The Force before the Life his spirit remember  
To the memory's flash always follow the thunder

The heart burns in the breast  
And the hand is firm on the hilt  
The shining blade flies in the air  
The black head falls down  
And all the deceptions are crashed to the ground
