

Broken Hearted

Karise Eden

Where's the book that teaches
you to do everything right
Broken hearts and scattered wars
All I do is cry cry cry

Loneliness is a creature
Don't let it sneak up and die
I've passed that troll
I've paid my toll
Now I'm headed for the light

I feel I-I'm fallin
All, all that I've lost

I'm so broken hearted
I'm on my knees
Beggin ya please
Stay right here
Forgive me

I feel like this life is over
I just can't sleep
Without you there
I'll stay with you there

I'm a victim of him
Can't you see he loves me too
Suck me clean, bled me dry
All I did was try, try, try

Don't you know my broken voice
Will be forever haunting
Creepin' away, stuck in that place
You always left me wanting

I feel like I'm fallin'
All that that I've lost

I'm so broken hearted
I'm on my knees
Beggin ya please
Stay right here
Forgive me

I feel like this life is over
I just can't sleep
Without you there
I'll stay with you there
Forgive me

Well I hold you

I love you to this sweet of morning
I, I

I needed you
I'm leavin' on you

You love me after all that I care
Yeah, yeah, yeahhh

I'm so broken hearted
I'm on my knees
Beggin ya please
Stay right here
Forgive me

I feel like this life is over
I just can't sleep
Without you there
I'll stay with you there
