

Done With Love

Karl Wolf

Feels like I'm out of free two
And this the last shut from me
It's the end of the road
Time to let go
I thought I was a hero
I wish that I can save the day
It's the end of the road
All the time I invest it I can get it back after you dumt me, d
oing on my back

Cuz after tonight I'm done with love
Cuz after tonight I'm done with love
Cuz after tonight I'm done with love
Cuz after tonight, after tonight

She wrapped my heart like it's playdo
She never had time for me
Even kept e on downlow
I shoulda know, I shoulda know better
That you are take another love
He left me in a cold bed
I was blind

All time I invest it I can get it back after you dumt me, doing
on my back
All time I invest it I can get it back after you dumt me, doing
on my back

Cuz after tonight I'm done with love
Cuz after tonight I'm done with love
Cuz after tonight I'm done with love
Cuz after tonight, after tonight

I gota leave my best tonight
Cuz my future is brighter in front of me
Do I get you out of your system
Cuz guess I work girl
I'm over you

Cuz after tonight I'm done with love
Cuz after tonight I'm done with love
Cuz after tonight I'm done with love
Cuz after tonight, after tonight
