Writing hits is something I've earned Some think highly of me It's just my turn Don't get it twisted kid I'm not in it for the money Or something for the honeys

I got a need to freak you out Peeps at the show what I'm about I spit hooks Since the day you flippin' books And now I have a deal 'Cuz I created a look

My albums' droppin' now
This one's for all the cats to doubt
Just watch the wolf take over much
And yes ladies you can touch
It's like a dream come true to me
Yeah I'm a new face on T.V
But been in this game behind the scenes
I'm coming out for the whole world to see

The Wolf's on prowl He's driving up in your town He's making that front-page news He's the face behind the face

He was on the low Producin' hits for those But now I'm makin' front-page news I'm the face behind the face

Solitude is something I've found
Gives me insight to the world that surrounds
Phone keeps ringgin'
Door keeps buzzin'
My speaks on full blast
I'm trying to make a living
Neighbors don't even try to tell me to put it low
'Cause you know damn right I never stopped your party played by
Downloads
Trust me I feel it
It's right on my ceiling
And you know, you can never stop my flow
