

Loving You

Karla Bonoff

I've been out on the road and
I've been in this town
Some people that I met were untrue
I've been out in the world and
now that I found

Loving you
Was the right thing to do
And it's loving you that keeps me around

Oh, baby when you hold me I can't tell a lie
I can always see myself in your eyes
But it doesn't really matter when
there's nothing to hide

Loving you
Was the right thing to do
And it's loving you that keeps me around

I'll stay here
It's looking like all of my running days
are through
I'll stay here
There's nobody else like you

And if I'm feeling pain tomorrow and
I haven't a clue
Won't worry if the forecast is blue
'Cause no matter what the trouble,
you'll see it through

Loving you
Was the right thing to do
And it's loving you that keeps me around
