

I uphold my task  
To create and uncreate  
"Slaves are the ones who fallow  
The myth of an unproven God"  
Are the words of the atheist  
For we are the children  
Of the damn  
Non-sense!  
Set forth to an undiscovered Era  
Of spiritual fire  
Rapture of an untamed system  
The poor & the feeble denied  
Are the ones who die  
And never return  
Trust is what we give  
And never regain!  
Lies after lies  
(God)Head!  
An everlasting myth  
An everlasting paradox  
An everlasting symbol  
An everlasting treason  
Gather as one  
For the final  
Abolishment  
Pain  
Greed  
Demon seed  
I survive  
Abominate  
Desagnate  
Stagnate  
I'll take your soul  
We keep on coming  
And we don't stop  
Bring the retribution  
Become undone  
I'll take your soul
