

# The Itch

Katatonia

Movement  
Subdued back then  
So quiet now  
Subsequent  
Systematic violence  
The great cold distance

The itch  
The urge

Make way  
Think of something  
Thin out the fear  
Past the tracks  
Part the Ways  
One stand here  
Medicate  
Kill the itch  
Check the air  
And push to get there

Monochrome  
Symbol on the surface  
Reduced Illumination  
Chemical Inheritance

The lies  
The Fever
