

# Blue Fields

Kathryn Williams

Blue fields blue fields  
Seeds that I've never seen are growing  
Leaves that I've never seen are showing  
In the blue fields blue fields  
Fish that I've never seen are swimming  
Selfish people are now giving in the  
Blue fields blue fields

Dandelion seeds are flying up in the air  
Birds are running across the grass  
Dandelion seeds are showing us the time  
While worms show their faces at last

Blue fields blue fields  
Seeds that I've never seen are growing  
Leaves that I've never seen are showing  
Fish that I've never seen are swimming  
Selfish people are now giving in the  
Blue fields  
Blue fields
