

# Blame It on the Moon

Katie Melua

Gonna blame it on the moon,  
Didn't want to fall in love again so soon.

I was fine, feeling strong,  
Didn't want to fall in love with anyone.

Now that it's gone too far to call for a halt,  
I'll blame it on the moon  
'Cause it's not my fault;  
I didn't think that this would happen so soon  
So I'll blame it on the moon.

I was happy to be free  
Didn't think I'd give myself so easily.

Guilty feelings in the night  
As I wonder is it wrong to feel so right.

Now that it's gone too far to call for a halt,  
I'll blame it on the moon  
'Cause it's not my fault;  
I didn't think that this would happen so soon  
So I'll blame it on the moon.

Gonna blame it on the moon,  
Didn't want to fall in love again so soon.

I was fine, feeling strong,  
Didn't want to fall in love with anyone.

Now that it's gone too far to call for a halt,  
I'll blame it on the moon  
'Cause it's not my fault;  
I didn't think that this would happen so soon  
So I'll blame it on the moon
