

# I Like You

Katy B

Too many nights I sit awake until the dawn  
Since I've always got my mind and my part on  
I touch a rose and throw myself up on the floor

But there's something I can feel when I'm with you  
I recognize it, it's something so brand new  
I can't help it, hope that you're feeling it too

(2x):

I like you a little bit  
I like you a little bit  
(More than I could)  
I like you a little bit  
I like you a little bit  
(More than I could)

You think I learned from all those times my heart was crushed  
I'm a victim of that appetite, that lust  
'Cause I want that feeling, loving is that much

Now I know why really children play with fire  
But from love I should be so tired  
The way you move just fills me with desire

(2x):

I like you a little bit  
I like you a little bit  
(More than I could)  
I like you a little bit  
I like you a little bit  
(More than I could)

(2x):

I can't help it  
You got a hold on me  
I can't help it  
You're taking control of me

(2x):

I like you a little bit  
I like you a little bit  
(More than I could)  
I like you a little bit  
I like you a little bit  
(More than I could)
