Light As A Feather

Come live by night

What does it take to make you feel, get you excited To see you smile? What does it take to see my world, I know you'll like it For once go wild Baby, but you're so cold with me, be free, yeah Come see the sights Lover, there's a city you've never seen before Come live by night What's it gonna take for me to see you get down yeah Get, get down yeah Get down yeah (Let's go) Get down yeah Get down yeah Get down yeah What does it take to feel that beat, let it inside you Touch your soul What does it take to just let the rhythm guide you And take control Baby, don't be scared, don't be self concious Close your eyes Lover, are you feeling light as a feather? Ready to fly What's it gonna take for me to see you get down yeah Get, get down yeah What's it gonna take for me to see you get down yeah Top of the penthouse, come party with us Lose control, I heat up when we touch Take for tonight belongs to us I'll be your drug, come get high, feel my rush Baby, baby, let's get crazy Maybe I'll introduce you to amazing Show me your wild side, I'll be your Vegas Don't hold back, it's yours for the taking What does it take to make you feel, get you excited To see you smile? What does it take to see my world, I know you'll like it For once go wild Baby, but you're so cold with me, be free, yeah Come see the sights Lover, there's a city you've never seen before

Katy B

What's it gonna take for me to see you get down yeah
Get, get down yeah
(Let's go)
Get down yeah
Get down yeah
