

# Loola Loo

Keb' Mo'

(Huh)

I'm looking out my window  
Feeling kinda blue  
I aint heard from my baby  
Did she find somebody new

So I called up her number  
And her number had changed  
So I climbed up to the mountain  
And I screamed out her name

I said hey, hey, hey, hey  
My, my, Loola-loo  
Loola-loo don't leave me  
I will do anything for you  
Loola-loo you make me feel so fine  
Loola-loo I need you  
Don't take your love away  
Loola-loo, oh woman don't make me cry  
Don't make me cry

I stood out on the corner  
I walked up and down the street  
Looking for my Loola  
With that smile so nice and sweet.

I'm not going to hide it  
My love just keeps on growing  
Cos she looks so good to me  
Wether she's coming or she's going

I said hey, hey, hey, hey  
My, my, Loola-loo  
Loola-loo don't leave me  
I will do anything for you  
Loola-loo you make me feel so fine  
Loola-loo I need you  
Don't take your love away  
Loola-loo, oh woman don't make me cry  
Don't make me cry

Well maybe she just needs some time alone  
Or maybe my little Loola's heart  
Has suddenly turned to stone

I cant give up on Loola  
I've got to take a stand  
So I wrote this little letter  
And I gave to the postman  
It said Baby, please call me  
Please drop me a line  
Cmon throw an old dog a bone  
I need to know if you're still mine

I said hey, hey, hey, hey  
My, my, Loola-loo  
Loola-loo don't leave me

I will do anything for you  
Loola-loo you make me feel so fine  
Loola-loo I need you  
Don't take your love away  
Loola-loo, oh woman don't make me cry  
Don't make me cry

My, my, Loola-loo  
Loola loo  
My, my, Loola-loo
