Take It So Hard

Keith Richards

Giving up lovin', easy to do People so pitiful They never come through Honey, honey, honey I ain't that way

You want a little bit, once in a while Come on and get a bit

You shouldn't take it so hard, yeah You shouldn't take it You shouldn't take it so hard, yeah

Take a look around you, tell me, what do you see People with little bits Try, tryin' to smile Most of what you've gotten is free, yeah

You shouldn't take it so hard, yeah You shouldn't take it You shouldn't take it so hard, yeah

Yank it up baby Or get yourself a new name You want a little bit once in a while Yeah you got a taste for it

You shouldn't take it so hard, yeah You shouldn't take it You shouldn't take it so hard, yeah
