

By Myself But Not Alone

The Kelly Family

Yes I'll be here where I belong
And I'll be here where I'm strong
Never to go
Never to leave you all alone

The love I found I won't let go
With space and time it will grow
Searching the heart for treasures
I know now that I have

I'm by myself but not alone
I have a family and a home
I'm by myself but not alone
I have my family and a home

The road was long but I was strong
And through the storms I carried on
To keep on the dreams that we have had all along

Yes I'll be here where I belong
And I'll be here where I'm strong
Never to go
Never to leave you all alone

I'm by myself but not alone...
