

# Hey, Mr. Big Time

The Kelly Family

Hey Mister Big Time  
You're not the only one  
Hey Mister Big Time Time  
We'll fight you any day

I wake up in the morning  
I spread my wings to sore  
I look up straight above me  
The endless view of skies, oh

We fly and we fly  
We fly like a free bird flies  
We fly over the sea  
We fly like a free bird flies

The wind that blows above me  
Helps me reach the sky  
An' I'll bring the sunlight with me  
And you sore and sore so high, ooh

Hey Mister Big Time  
You're not the only one  
Hey Mister Big Time Time  
We'll fight you any day

I wake up in the morning  
I spread my wings to sore  
The wind that blows above me  
Helps me reach the sky

We fly and we fly  
We fly like a free bird flies  
We fly over the sea  
We fly like a free bird flies

We fly and we fly  
We fly like a free bird flies  
We fly over the sea  
We fly like a free bird flies
